Product Specification Sheet

Targus Stow-N-Go Chill Mat™ for Laptops

Part #: AWE23US

Product Description:

The width of the device conveniently expands and contracts for easy travel. The height can also be adjusted to create an ergonomic workspace while providing optimal airflow during use. The non-skid surface provides added stability while the whisperquiet fan cools the laptop. The Stow-N-Go Chill Mat is USB powered and requires no additional power to operate. The built-in cable storage feature protects the cable and provides added portability.

Product Features and Specifications:

- **Features-** Multi-width adjustability accommodates laptops with 15.6" screens
- **Smart Design-** Adjustable height and non-skid surface provides optimal cooling
- **Portable–** Compact USB-powered cooling with built-in cable storage
